

Mohamed Surfan

CAD Design Draftsperson

With over 12 years of experience, I am seeking a challenging position as an Electrical CAD Design Draftsperson in the construction industry and tender department, where I can utilize my outstanding technical and analytical talents. As a dedicated and experienced draftsman in the Middle Eastern construction industry, I am looking for a role that will allow me to continue applying my skill set and knowledge base. I am proficient in AutoCAD and construction technology, and I am eager to contribute to a dynamic team.
